# Welcome to Raven's Throat

Thank you very much for your interest in our hunts. Raven's Throat Outfitters conducts hunts in the exclusive outfitting area, S/OT/05, which is located in the heart of the MacKenzie Mountains of the Northwest Territories, Canada. Our 6,000+ square mile area is incredibly diverse and has unsurpassed populations of Dall sheep, Alaska/Yukon moose and Mountain caribou. We have a very conservative management program that targets only the upper age class of all species hunted. Our rams average over 10 years old, and we believe in leaving a good surplus of old trophy animals for breeding and teaching the younger animals how to survive. We spread our harvest throughout our entire area and seldom hunt the same locations more than once a year. Because the outfitter areas are so large in the NWT, they allow us to use helicopters as a means to deploy hunters and guides throughout our entire areas. This gives us the opportunity to safely access otherwise inaccessible areas and spread out our pressure, ensuring proper game management. After guiding and outfitting for 36 years throughout the western United States, Alaska and abroad, it is my opinion that the MacKenzie Mountains is the finest, most game rich destination in North America, if not the world. You won't be disappointed!

We are proud to report that 2019 was another outstanding year for Raven's Throat. Although we had plenty of weather challenges, our team of awesome, professional guides

and hunters with great attitudes prevailed. This resulted in success rates of: 98% sheep hunters, 98% moose and 98% caribou. We took several 40"+ rams, several book caribou and three (3) Boone & Crockett moose (one with an incredible 75" spread). As you can see by the photos, lots of awesome trophies were taken. We could not be happier with how well everything went. It is our mission to provide the best hunts and service in the outfitting industry. We strive to provide first class service from the day you book a hunt with us until long after your trophies are home. We would like to thank our entire crew for all of their extra hard work, dedication and commitment to our mission. We also want to thank Trans North Helicopters for another great job and safe year in the air. Thank you, North Wright Airways, for all of your great flying, hard work and friendship. You guys are the best. Also, special thanks to Alpine Air for your longrange flights and support from Whitehorse. Last, but not least, we would like to sincerely thank all of our wonderful hunters for entrusting us with their very special NWT hunts. Thank you for your great attitude, hard work on the mountain and patience with the weather. Without you, none of this or our incredible lifestyle would be possible. We appreciate you all very much. We thank any prospective hunters for your consideration. Please feel free to call, email or text anytime. We are happy to help anyway we can. See you at the shows or on the mountain.
