Welcome to Raven's Throat

Thank you very much for your interest in our hunts. Raven's Throat Outfitters conducts its hunts in the exclusive outfitting area S/OT/O5, which is located in the heart of the Mackenzie Mountains of the Northwest Territories, Canada. Our area is 6,000+ square miles, or 3.8 million acres; just shy of two Yellowstone National Parks. The area is incredibly diverse and has unsurpassed populations of Dall sheep, Alaska/Yukon moose and Mountain Caribou. The area is so vast and wild; therefore, we cannot possibly hunt it all in one year, and that means a lot of our area will go unharvested for several years at a time. We have a very conservative management approach: we harvest 25 rams, 25-30 caribou and 8 moose per season. Although the area could handle double or even triple our harvest numbers, we feel it is critical to leave a very healthy number of older trophy class animals out there to breed and lead the younger animals through the winter and spring hardships.

In 43 years of being in the guiding and outfitting industry full time in the lower 48, Alaska and abroad, I can say with confidence that the Mackenzie Mountains of the N.W.T. are the most game rich, under hunted and wildest destinations in North America, if not the world.

Our 2025 hunting season has now come to an end, and we couldn't be happier with how it went. We started out with lots of rain and fog, but our great guides and hunters came out on top. We went 100% on sheep with some great rams being harvested. We maintained our 10 ½ year old age class average. We only had 7 moose hunters this year and took 6 great bulls. One moose hunter did not harvest a bull. They saw several great bulls but couldn't close the deal. Caribou were great and everyone took a

nice bull with several giants being taken. I can't give enough credit to our awesome crew of guides; they all worked very hard and produced great animals.

At Raven's Throat our mission is not to be one of the best, but to be the best in the industry. We strive to provide outstanding professional guides, the best equipment available, clean, comfortable base camp accommodations, great cooks and service-oriented camp staff. We want to give our clients top shelf service from beginning to end and beyond. We are so blessed to make our living in the incredible Mackenzie Mountains. We try very hard to take care of the land and animals and in return, we feel they take great care of us and our guests.

Our gratitude goes way beyond arm's length to many incredible people. We would like to thank all of our clients for honoring us with their trust, faith and money, and for choosing us for their N.W.T. adventure. Without all of you, none of this or our wonderful way of life would be possible. We want to thank our exceptional crew for their extra hard work, professionalism, and commitment to our mission. You are the best in the business! Thank you also to our awesome aviation team: North Wright Airways, Fireweed Helicopters and Alpine Aviation. You guys rock!

Thank you for your consideration on hunting with Raven's Throat. Please feel free to call, email or text anytime. We'd be happy to answer any of your questions or help in any way. We hope we get the opportunity to serve you someday in the incredible Mackenzie Mountains.
